SCORE

## **Kristine Tjøgersen: *Mistérios do Corpo* (2017)**

for amplified string quartet and video

Duration: approx. 9 minutes

Commissioned by ny Musikk for the Only Connect Festival 2017  
and Borealis Festival 2018

Supported by Arts Council Norway

To be premiered by Arditti Quartet in Oslo May 18th, 2017

Part II of the piece is with video with click track.

The sound of the video is not sent to loudspeakers, only to the musicians' headphones/earplugs.

All the music in Part II is exactly choreographed to the movements of Hermeto Pascoal on the video, and must be played as precise as possible.

In bar 50-51 of Part II the Violin I player has to count in Portuguese. This is pronounced as  
um: oohm  
dois: doy-z  
três: treh-z  
quatro: kwah-troh

Violin II needs a glass slide and a paperclip with plastic covering. The paperclip is placed on the D string just below the fingerboard, to get the exact multiphonic written in bar 44.

For the instruction «damped pizz»: The fingers are laying slightly on the strings, resulting in a knock-like sound.
