**Intro:**

**This piece should be repeated 4 times in a row, each repetition should be a new slightly different interpretation of the piece.**

**This can be realized/decided by the conductor or by the group of musicians playing it.**

**Examples of interpretation could be to play the shapes of the phrases in a more extreme way, or playing it more out of time, each player in individual tempo, or only playing one note each bar, adding special playing techniques etc...**
